HOW TO EAT BETTER

Life's Essential 8™

✓ CREATE A HEALTHY EATING PATTERN

Eat well-balanced meals throughout the day to keep your heart and brain working at their best. Don't worry about "special foods" – a variety of healthy foods is best.

ENJOY vegetables, fruits, whole grains, beans, legumes, nuts, plant-based proteins (like beans, lentils, nuts), lean animal proteins (like skinless poultry, fish, seafood, low-fat dairy). Drink plenty of water throughout the day, and unsweetened tea and coffee can also be enjoyed.

LIMIT sweetened drinks and alcohol. Eat less salty food, fatty foods, and processed meats. Limit foods like butter, whole milk, full-fat yogurt, and cheese. Take the skin off poultry before cooking. Use plant-based oils, such as olive, canola, or avocado oil, instead of oils like coconut or palm oil.

AVOID trans fats. Trans fats are found in some store-bought baked goods and fried foods.

🍲 COOK AT HOME

Cooking at home can be more nutritious than eating out. Fresh, frozen or canned fruits and vegetables are all great options. If they are canned or frozen make sure they don't have added sugars or salt. Learn healthy prep methods at heart.org/eatsmart.
